

Product Description

Product Name: Manganese sulphate

Chemical Formula: $\text{MnSO}_4 \cdot \text{H}_2\text{O}$

Properties: Pink powder or granular, soluble in water, acid and alcohol

SPECIFICATIONS

Appearance: Pink powder or granular

Main content: 98% min

Mn: 31.5% min

As: 5ppm max

Pb: 15ppm max

Water insoluble: 0.05% max

CD: 10ppm max

Hg: 1ppm max

Granular size: 1-2mm, 2-4 mm

Usage: In dyeing; For red glazes on porcelain; Boiling oils for varnishes; In fertilizers for vines, tobacco; In feeds.

Package: 25kg /bag
